**Management Assertion for  
Bangladesh Computer Council Certifying Authority (BCC CA)**

Certifying Authority of Bangladesh Computer Council (BCC CA) located at E-14/X, ICT Tower, Sher-e-Bangla Nagar, Agargaon, Dhaka-1207 has assessed its standard procedures regarding certifying authority services.

According to the assessment BCC CA has done the followings:

- Disclosed its digital certificate life cycle management practices and procedures, including its commitment to provide digital certificates in conformance with the Interoperability Guidelines of CCA and is committed to provide such services in accordance with its disclosed Certificate Practice Statement (CPS).
- Maintained effective controls to provide reasonable assurance for collecting, authenticating (for the registration activities) & verifying digital certificate subscriber information properly;
- The integrity of keys and digital certificates are well maintained and protected throughout their life cycles in accordance with the CPS for certifying authority audit criteria.
